

Sir Roger Manwood's School

Business and Economics Department

The Business and Economic Department consists of a full time Head of Department and another full time teacher.

The department has two dedicated teaching rooms, which are equipped with a computer, a non-interactive white board and an IWB.

GCSE Business: GCSE students have 5 one hour lessons per fortnight. The Edexcel Business (9 - 1) specification is taught.

A Level Business: A Level students have 9 one hour lessons per fortnight. The Edexcel specification is taught. Themes 1 and 2 are taught in Year 12, and Themes 3 and 4 are taught in Year 13.

A Level Economics: A Level students have 9 one hour lessons per fortnight. The Edexcel specification is taught.

Business GCSE is one of our most popular option subjects, and has 4 classes running every year. 3 classes run at A Level - some years that is 2 Business and 1 Economics and other years it is 1 Business and 2 Economics. Results at GCSE and A Level in all specifications are outstanding.
