

## Geography A level summer holiday work – due in at our first lesson in September

### Physical Geography project

(800 words – add maps & pictures to your work)

What are the key differences between warm based glaciers and cold based glaciers and where would you find them?

**We have left this as quite an open activity with few additional instructions. You need to show us how well you can think and structure your work.**

**This must be hand written**

### Human Geography project

(800 words – add maps & pictures to your work)

The Mediterranean Migrant Crisis is no longer hitting the headlines, but it's still going on and remains very dangerous for the migrants. Answer should use the questions as sub-headings. **I am looking to see if you can carefully research a topic and find good evidence to support your answers:**

1. **Over time**, what's happened to the numbers of migrants crossing the Mediterranean and the number of deaths?
2. What countries are these migrants typically coming from (maps please) and what are the main reasons for people leaving **each** of those countries? (**push factors**)
3. What is it about Europe that attracts them? (**pull factors**) and what is the reality for many migrants when they arrive in Europe? (watch the BBC documentary)
4. In your opinion, what is more important in explaining why migrants choose to cross the Mediterranean rather than go elsewhere – the push or pull factors?

#### Sources:

You need to watch -

<https://www.bbc.co.uk/iplayer/episode/p03q8xm4/stacey-dooley-migrant-kids-in-crisis>

Use sources such as the following websites – International Organisation for Migration (IOM) and their 'Missing Migrants' project or the Guardian & BBC

### Equipment - you MUST have before your start Year 12

You won't get exercise books – instead you'll need to be organised with your own folders. Be aware that you have to bring these in to every lesson so **buy a small or medium thickness of folder that will fit in your bag (not the very keep folders which are too big to bring to school).**

- Folder for Physical Geography with 10 dividers (we do 3 topics – so you can buy 3 folders & 30 dividers)
- Folder for Human Geography with 10 dividers (we do 4 topics – so you can buy all 4 folders & 40 dividers)
- A4 lined paper notepad

### Text book – buy before you start Year 12

OCR A Level Geography Second Edition  
Paper copy - £39.99 (slightly cheaper if you buy a used copy from Amazon or eBay)  
Downloadable version – 2 year access for £16
