Train to Teach with Sir Roger Manwood's School

Apprenticeship Routes in Maths, Chemistry & Physics

Starting September 2026 | Sandwich, Kent

Are you passionate about your subject and keen to inspire the next generation? Sir Roger Manwood's School is offering exciting Teaching Apprenticeships in Mathematics, Chemistry and Physics from September 2026.

This is a unique opportunity to train as a teacher in a school that combines centuries-old traditions with modern, forward-thinking education, set within beautiful, historic grounds in the heart of Sandwich.

Why Train at Sir Roger Manwood's?

An inspiring setting

Train to teach on one of Kent's most picturesque school sites, where historic architecture sits alongside modern facilities, creating a calm and stimulating environment in which to learn, teach and thrive.

Academic excellence with fresh thinking

As a high-performing selective school believing in 'excellence in all', Sir Roger Manwood's values compassion, courage, creativity, respect, responsibility and resilience.

Consistent support for trainee teachers

You will be fully supported by experienced mentors, dedicated subject specialists and a collegiate staff body committed to professional development. Apprentices are valued members of the team from day one. You would learn alongside subject specialists in Biology, Chemistry and Physics in dedicated, well-resourced Biology, Chemistry and Physics laboratories.

Enthusiastic, motivated pupils

Our pupils are inquisitive, engaged and ambitious...with a sense of humour. Teaching at Manwood's means working with young people who enjoy learning and respond positively to high-quality teaching.

About the Apprenticeship

- Gain **Qualified Teacher Status (QTS)** while earning a salary
 - Combine **practical classroom experience** with high-quality training
 - Structured mentoring and subject-specific support throughout the programme
 - Ideal for graduates or career-changers passionate about STEM education
-

Who We're Looking For

We welcome applications from individuals who:

- Hold (or are on track to achieve) a strong degree in Maths, Chemistry, Physics or a related subject
 - Have a genuine enthusiasm for education and young people
 - Are reflective, motivated and keen to develop as outstanding practitioners
 - Show resilience
-
